Why Buy From Begger's Diamond V?

Extra Profitability. Because. . . Uniformity, quality and quantity allows you to access more 1/2 and 3/4 brothers to fill your herd sire needs in one stop.

- The cow/calf producer comes first before any other traits are considered.
- We know as a commercial producer you sell your cattle based on weight and how they look (quality). How value is determined varies, whether it is in the auction market, in the country, by video or on the rail. Be assured quality and performance has been the basis of our program from the beginning.
- Reputation — take away all the numbers, all the EPDs and fads . . . Begger's Diamond V Ranch has been raising only high-quality, black seedstock for over 43 years.
- At Begger's Diamond V Ranch you are not just buying a bull, you are buying a program.
- Our 43 years of AI'ing and embryo transfer gives you access to the top genetics of the Simmental and Angus breeds, which allows you access to the very best genetics.
- You will experience fewer time consuming management problems, especially with calving ease, calf vigor, udder quality, fertility, feet, legs and disposition because we cull our herd for such problems.
- You are selecting from the top end, the bottom has already been culled.
- Our cattle are raised in an unpampered environment to ensure that they will work for you.
- EVERY bull has an efficient, hard-working mother that does her job in eastern Montana's tough environment.
- Responsibility — We accept the responsibility to provide you with only predictable genetics. They must meet our standards before they meet yours.
- Our success depends on yours and we expect your purchases to work for you. We stand behind them 100% with full purchase price warranty.
- Bulls are 5.5 to 6.5 frame with extra depth, width volume and fleshing ability.
- Bred for calving ease, fast growth, efficiency, maternal strength and carcass quality putting more profit in your pocket.
- Bulls are developed for ranchers on a high roughage ration with very little starch and plenty of exercise.
- Every bull was born, raised and developed on our ranch.
- Maternal and direct calving ease is a must. If they are not born easily and alive, nothing else matters.
- All bulls sell BVD free! Bulls sell with complete performance records, ultrasound data and EPDs.
- Daughters of these bulls will make outstanding replacements that are trouble free, easy keeping and profit driven; their calves will be in high demand and top market sales.
- We have connected ourselves with market opportunities that should make your calves more valuable helping you receive premiums and top markets. We offer free keep until April 1st, a breeding soundness exam, and free delivery up to 500 miles.
